- 6b Information and Data Analytics
- 7b Application Services / Software
- 8b Cybersecurity Services
- 9b Cloud Services
- 10b Digital Multimedia and Technical Communications
- 11b Program Management / Ancillary Services

CATEGORY C
Mission-Based Services
All 10 technical areas

- 1c Innovation Services
- 2c Information and Data Analytics (IDAS)
- 3c Application Services / Software Development
- 4c Cybersecurity Services
- 5c Cloud Services
- 6c Digital Multimedia and Technical Communications
- 7c IT O&M / Help Desk / Call Center Support
- 8c Network Services
- 9c Database Services
- 10c In-Scope Training

WOSB · EDWOSB · HUBZone · SBA 8(a) Graduate · CMMI Level 3 · ISO 9001 / 20000-1 / 27001 · SECRET FCL

PAST PERFORMANCE

Treasury / Bureau of Engraving and Printing

Prime delivery of enterprise digital accessibility across documents, applications, multimedia, dashboards, and training, with structured intake, remediation, quality review, reporting, and automated workflows.

Maps to Category C · Section 508, automation

U.S. Navy / BUMED / Fleet Forces / Marine Corps

Multi-year prime support for military health readiness: program management, systems engineering, data monitoring, records and content support, and technical training across distributed commands.

Maps to Category C · Health IT, program management

U.S. Government Accountability Office

Cloud-hosted information management with an ontology-based taxonomy, data pipelines, and AI-assisted classification that make technical publications searchable.

Maps to Category B · Cloud, data, applied AI

WHY SCRIBEDOC ON SEWP VI

Full lifecycle in one award. Requirements, architecture, development, automation, testing, compliance, deployment, O&M, and training.

Measurable automation. Automation and analytics built for auditability, repeatable controls, and sustainment.

Accessibility built in. 508 conformance designed into apps, documents, media, and dashboards, not bolted on afterward.

Governed AI through UsableX. Prototype, validate, and operationalize as separate gates, on human-usable, machine-readable data.

HOW TO ORDER

1 Post an RFQ, RFI, or market research request in the SEWP Quote Request Tool. Choose Cat B or C.

2 ScribeDoc quotes through SEWP at or below its database-of-record pricing.

3 The contracting officer makes a best value selection under FAR 16.505(b) fair opportunity.

4 The SEWP PMO assigns a SEWP Control Number, and work begins.
